

FEELINGS BINGO

www.peoniesandpoppyseeds.com
FOR PERSONAL USE ONLY

Instructions:

This is a very simple Feelings Bingo game for very young players.

To Make: Print out the game card on cardstock paper.

Cut out the single cards and place in an envelope. You will want to laminate everything for longer use.

Decide what you want to use as markers for the game. You can use something simple like buttons, beads, or beans. Or you can make it more fun by using marshmallows, chocolate chips, or something like Fruit Loops.

To Play: Give each person a card. If you have more than four players you will need to print the cards twice (this does mean that you will have 2 winners at once).

Draw one card at a time from the envelope and show all players. As the card is shown, each player marks that picture on their card.

The person to get 3 in a row first is the winner!
