A few worksheets
to help you during
your spiders unit!

About

For the 2014-2015, my state adopted new reading series. One focused on phonics while the other focused on comprehension. The comprehension series literally came with ZERO pre-made materials!

So, like any good teacher would do, I have had to create my own goodies. I used these worksheets during our Spiders unit, and I thought I would share them to help you with your spiders unit or insects unit. Enjoy!
